

CALOMEL IS MERCURY, IT SICKENS! STOP USING SALIVATING DRUG

Don't Lose a Day's Work! If Your Liver Is Sluggish or Bowels Constipated Take "Dodson's Liver Tone."—It's Fine!

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated, breath bad, stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crumbles into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone. Your druggist or dealer sells you a 50-cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your

sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and cannot salivate. Give it to your children! Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.

PUTTING AWAY THE EVIDENCE SOME USE FOR OLD JOGGS

Colored Man Ready With Ingenious Excuse When Caught Making a Meal of the Ham.

The other day a colored porter in a certain West side store was dispatched upon an errand which he was not in sympathy with, that of totting a well-broiled ham down the street. The butcher noticed, upon giving the colored man the ham, that the paper was torn.

"Sam," he said to the porter, "be careful of that ham, as the paper is torn and you might drop it in the street."

"Aw right, boss," answered Sam. "I'll be particularly careful not to drop it."

Not a long while after the butcher found Sam in the basement of the store, chewing away on a small piece of ham.

"What are you doing there, Sam?" asked the butcher.

"Well, boss," answered Sam, "I dropped the ham and Ah didn't want you to know it, so Ah jest figured Ah'd bettah eat it and destroy the evidence."—Chicago News.

Extraordinary Youth. "Father," said little George, "I cannot tell a lie."

"Very good, my son. But the remarkable feature of this historic episode is not so much your inability to falsify as your enthusiastic willingness to chop wood."

Not a Bluff, Either. "Say, Bill, youse ain't lookin' fer work, is youse?" "Not me, pard. I believe in de time-honored principle dat de office should seek de man."

A Leading Food Expert

stood before the big battery of milling machines in the Grape-Nuts factories at Battle Creek, Mich., and after inspecting both the wheat and flour said to the miller:

"That's selected wheat, and no 'patent flour' stunt, either. That wheat comes out of the rolls as honest and unrefined as it went in. Where did you ever make flour before that retained the true mineral content of the grain?"

And the wise miller replied: "I have worked in a good many mills, and I am no youngster, but let me tell you, I never made whole wheat flour like that until I came with this company."

The truth is, white flour is woefully lacking in certain essential mineral elements which are thrown out in the milling to make flour white and pretty, and its use frequently results in impaired health and activity.

The famous pure food,

Grape-Nuts

is made of honest whole wheat and malted barley; and supplies in splendid proportion all the brain- and nerve-making, bone- and muscle-building elements of the field grains, including their mineral elements.

Rich, nut-like flavour, ease of serving, and quick digestibility have made Grape-Nuts a household word the country over.

"There's a Reason" for Grape-Nuts

Sold by Grocers everywhere.

ROAD BUILDING

USE OF CONVICTS ON ROADS

Passed Through Period of Hysterical Wrangle into One of Actually Successful Accomplishment.

"The use of convicts on the public roads has passed through the period of hysterical wrangle into a period of actually successful accomplishment and almost universal acceptance," stated E. Stagg Whitin, whose new course in practical penal problems at Columbia university was recently announced.

Doctor Whitin holds that the underlying motive in convict road building must be to secure the greatest efficiency for the state out of its possessions. But the convicts and the roads are property of the state, and the working of convicts upon the roads should eliminate many elements of waste in the administration of road and prison departments.

"The efficiency of the convict on the road gang," he continued, "differs greatly in different gangs. There is no doubt in my mind that the application of the efficiency records in use at the present time in the Wisconsin road camps for free labor will tend even more perceptibly to raise the efficiency of convict labor."

"Incentive must be created before good work can be produced. Co-op any of us up in a stuffy, unsanitary jail for several months, arraign us for trial amid the excitement of what we misname as justice, and then take a few months of breaking our spirit in prison surroundings and there is little likelihood that the thing we call ginger will be very apparent. There is definite need of building up if the convict is to return to society and make good."

"The great need," Doctor Whitin concluded, "is for the foreman of a convict road gang to throw his shoulder to the task and inspire his gang with the desire to be like him. The problem lies in securing such men as foreman of the road gangs."

The graduate department of highway engineering at Columbia university has been in close touch with the national committee on prisons and prison labor, which is located on the campus, for a number of years. This work has been carried on under the joint direction of the department and

Convicts Building a Road.

the prison committee. Doctor Blanchard, professor of highway engineering, sees the great opportunity for the highway road work, and, as he stated in a recent article in the Columbia Spectator: "The humane element must be a factor in the education of the highway engineer of the future." This will be supplied through the co-operation of the national committee on prisons and prison labor and the work under Doctor Whitin at Columbia university.

OIL PRESERVES COUNTY ROAD

Surface Rendered Impervious to Water and Crown Is Almost Like Asphalt—No Signs of Wear.

The only road in Berks county, Maryland, which is strictly a "county road" is the stretch of five miles between Douglasville and Yellow House. By this is meant that it is neither a state nor township road, but is entirely under the jurisdiction of the county authorities.

Recently the road was treated with a coating of crude oil, and no one doubts the wisdom of this action. The road is now not only dust-proof, but the surface has been rendered impervious to water. The crown is almost like asphalt, and there are no signs of wear or tear.

The Value of Roads.

It cost France \$612,000,000 to build the best system of roads in the world. For many years it has reaped untold wealth, enjoyment and benefit from them, and now those same roads have become the greatest single factor in saving the republic from destruction by invading enemies. Certainly if any sane man doubts the profit or advisability of the best roads and the most of them, France affords an object lesson that none can fail to comprehend.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from your druggist or at the store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.—Adv.

Called. Hobby—it is my principle to give a man or woman rope enough—

Wife—All right, dear, give me that rope of pearls I want, it is enough for me.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make It Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise for You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandeline hair cleanse." Just try this—moisten a cloth with a little Dandeline and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandeline dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes, but really new hair—growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Knowlton's Dandeline from any store and just try it. Adv.

Marvelous. "Speaking of fast young men—" "Yes?"

"It's surprising how much speed some of them can generate on a salary of \$12 a week."

IF BACK HURTS CLEAN KIDNEYS WITH SALTS

Drink Lots of Water and Stop Eating Meat for a While If the Bladder Bothers You.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

But a woman seldom sees the cloven hoof of a man until after she gets a sniff of his cloven breath.

CANADA'S PLANS FOR WAR REVENUE

So Wisely Distributed That Taxation Will Affect Farmers to a Degree Practically Unnoticeable.

So many rumors have been circulated regarding war taxation in Canada that the statement made by Sir Thomas White, Canadian Minister of Finance, of the Government's plans for raising war revenue should be given the widest circulation. Sir Thomas made it clear that the revenue will be raised by taxing the profits of incorporated companies whenever those profits exceed seven per cent, and the profits of unincorporated firms or partnerships when the profits exceed ten per cent. On all such excess profits these companies or firms will have to contribute one-quarter to the Government. Transportation companies, banks, mining, milling, and other companies will be subject to this taxation, but life insurance companies, and companies with less than fifty thousand dollars capitalization, and companies, firms, or individuals engaged in agriculture or stock raising, are exempt, and pay no part of this taxation. The only other additional taxation proposed is an increase of fifty cents a barrel in the customs duty on apples, and one-half cent a gallon in customs duty on certain kinds of oils.

It will be noticed that this taxation is being applied in such a way that it does not affect farmers in the slightest degree, except, perhaps, through a small increase in cost of apples and oil. The war revenue is to be paid out of the profits of the big firms and companies with capital of over fifty thousand dollars, and even these are allowed seven per cent in some cases, and ten per cent in others, of clear profits before they have to pay any part of this taxation. It will be seen that the whole policy is to place the war expenditure taxation on those who have been making big profits and are able to pay it, and to encourage farming and stockraising by exempting farmers and stockraisers from the taxation. This ought to set at rest every rumor that the farmer or the farmer's land is being taxed to pay the cost of the war.—Advertisement.

H. G. Wells, the well-known author, is the son of a professional cricketer.

ENDS DYSPEPSIA, INDIGESTION, GAS

"Pape's Diapepsin" cures sick, sour stomachs in five minutes—Time It!

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.

DR. KILMER'S SWAMP-ROOT A GREAT FAMILY MEDICINE

I wish to tell about my condition. Several years ago I was afflicted with kidney and bladder troubles. My condition was such that I had to go in a stooped position and my back caused me much pain. I was unable to work for about a month and was all run down and worn out. I tried other remedies with no results until I saw your advertisement and decided to try Swamp-Root. After taking several bottles I was restored to health; in fact, we keep it in the house all the time. I cheerfully recommend Dr. Kilmer's Swamp-Root to others afflicted with kidney and bladder troubles.

Yours truly, J. R. WALSH, 505 S. Park Street, Sapulpa, Okla.

Personally appeared before me this 10th day of April, 1915, J. R. Walsh, who subscribed to the above statement and made oath that the same is true in substance and in fact.

J. T. SMITH, Notary Public.

Prove What Swamp-Root Will Do For You. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the paper. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Adv.

His Profit. Mr. Isaacs—I sell you dot coat at a great sacrifice. Customer—But you say that of all your goods, how do you make a living? Mr. Isaacs—Mein friend, I make a small profit on de paper and string.

The Sweetest Thing on Earth is a Clean Baby in Dainty White Dresses

These dainty white dresses are very tender—the wash is hard on them and you feel like putting baby in heavier clothes. Don't do it. Boil baby's clothes clean. The dearest bit of lace, of flannel, of cotton, of silk, can be boiled clean if you use *Magic Washing Stick*. You do not rub them on the board or put them in the machine or tear them up in any way.

Yes, you can boil baby's clothes—flannels and all—in perfect safety. You can cleanse by boiling and rinsing only. No matter what your washwoman says, we say you can; and if we can prove it you will never put heavy colored clothes on the sweet little ones—because you can clean a dozen, yes two dozen dresses, as easily as one, without a rub, without any wear or tear.

Magic Washing Stick

Does all this and more. Simply put one-fifth of a stick in the boiler with the soap and proceed to boil clean. If the finest, cob-weby texture is damaged as a result, we will refund baby clothes all the balance of your days.

Wash Days Are Made Joy Days. FIFTEEN WASHINGS 25 CTS. For less than 25c a day you save two hours time, you save your clothes, you save your feelings, you save your looks. Use one stick, five washings and if not elated your 25c. WILL BE RETURNED.

Magic Washing Stick contains no lye, no alkali, no harmful thing of any kind. Use it—keep baby in white. It's easy if you use Magic Washing Stick.

Sold by all Druggists and Grocers everywhere. If yours doesn't handle it, show him this ad—tell him to get it for you. Send 25c in stamps to A. & B. Bickford Co., Newark, N.J.
